

# Bring trust to every interaction with Verified on LinkedIn.

Give your users a reliable way to prove who they are, so they can engage with confidence in every interaction on your platform.

## Authenticity — on LinkedIn and beyond.

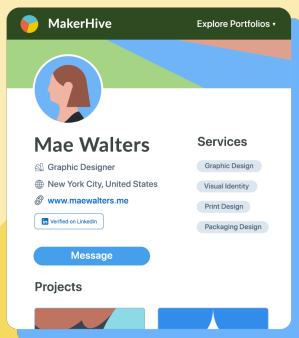

It's never been easier to find what we need online. But with so much out there, it can be hard to know what, or who, to trust. By integrating with Verified on LinkedIn, you can help assure users that interactions on your platform are grounded in authenticity.

Explore where Verified on LinkedIn can make an impact for your platform and users:

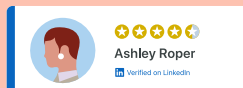

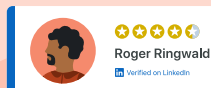

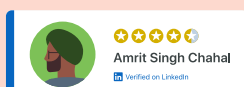

### Foster confident collaboration

Help ensure the freelancers, artists, and any other creatives who users engage with online are who they say they are.

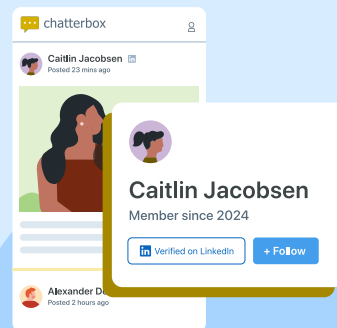

### Highlight credible opinions

Help users know which reviews are made by users with verified identities and confirmed work histories.

### Encourage authenticity

Confirm your users have been verified on LinkedIn so that decisions can be made confidently.

## And, that's just the start.
